"CHINA MAIL" CENSUS COMPETITION.

A census of the population of Hongkong is to be taken on May 20th, and in order that our readers may test their skill in estimating the growth of the population since the last census the China Mail is promoting a competition under three heads, asking its subscribers to predict the number of—(1) The total civil population; (2) Chinese population; (3) European and American population. We have, for the guidance of competitors, given the figures for the last two censuses. All competitors have to do is to cut out the coupons, fill in their estimate, and forward them to our office, with the words "Census Competition" in the top left-hand corner of the envelope. Competitors may send in as many coupons as they desire. A prize will be given for the most correct estimate under each head. In the case of a tie the estimate first opened will be adjudged the winner.

No. 1.—TOTAL CIVIL POPULATION OF HONGKONG.

I predict that the total civil population of the Colony on May 20th, 1911, will be

Name

Address

N.B.—The last complete census of the Colony was taken in 1901, when the total civil population was officially returned at 233,906. In 1906 a partial census was taken, extending to the entire New Territory and that part of the New Territory which lies south of the Kowloon range of hills. This partial census showed a total civil population of 319,893, but it should be pointed out that this portion of the New Territory not included in this census possessed a population of 85,011 in 1901.

No. 2.—TOTAL CHINESE POPULATION OF HONGKONG.

I predict that the total Chinese population of the Colony on May 20th, 1911, will be

Name

Address

N.B.—In November, 1906, a partial census was taken, this being confined to the original Colony of Hongkong and that part of the New Territory which lies south of the Kowloon range of hills. This partial census gave the total Chinese population (land and floating) as 207,388, but it should be borne in mind that the portion of the New Territory not included in the partial census possessed a population of 35,011 in 1901, the year when the last full census was taken. The total Chinese population for the whole Colony in 1901 was 274,543.

No. 3.—TOTAL EUROPEAN AND AMERICAN POPULATION OF HONGKONG.

I predict that the total European and American population of the Colony (resident and mercantile marine) on May 20th, 1911, will be

Name

Address

N.B.—The 1901 census gave the European and American population of the Colony as 6,431. At a census taken in 1906 the figure was 8,395.

NOTICE.

There is more "beef" in Lemco than in any other beef essence sold - a 2-oz. jar contains the goodness of about 5 lbs. of butcher's meat. That is why Lemco is so splendid in the kitchen, so invaluable in the sick room. Lemco is simply pure fresh beef, highly concentrated.

A Lady writes:-
"Forty years I have used Lemco and it has been an aid to good and economical cooking, and an invigorant food. I am personally grateful to it. Many a sick has been made palatable and nourishing with the aid of an carefully administered bit of Lemco, and in sickness it is invaluable."

SINGAPORE AND THE SHIPPING RING.

Sir John Anderson, Governor of the Straits Settlements, left Singapore by the P. and O. Deyanla on a four month's leave of absence. The Straits Times says that matters connected with the Tanjong Pagar litigation and the Harbour scheme will compel a good deal of attention, but the heaviest task before His Excellency is to conduct the conference with shipowners on the question of the Colony's Shipping Bill legislation. Sir John has astonished some of our best business men by the perfect grasp he has obtained of every detail of the complex questions involved, and the shipowners will at least have the satisfaction of meeting a representative of the Colony who understands its feelings, knows its interests and has well defined views as to how these can be protected. The case for the Colony, in fact, is in good hands, and while there is the utmost desire to be conciliatory, there is no disposition to surrender.

TOYO KISEN KAISHA.
Dividend in Sight.

The Toyo Kisen Kaisha has just held its general meeting in Tokyo. Mr. Anano presiding. After the report and statement of accounts had been presented several questions were asked by shareholders in regard to the condition of the Company. Mr. Okawa, Vice-President, explained that if the present conditions continue the Company will be able to declare a dividend on both old and new shares next term. With regard to the liabilities of the Company all the debt of the Company bearing a high rate of interest had been redeemed, and it present the total debt outstanding was about Y9,000,000 (including debentures, bills, etc.) which represented a decrease of Y900,000 as compared with that of the previous term. He assured the shareholders that a call on the new shares would not be made at present. The following accounts were adopted:-

Not profit ... Y821,831.06
Loss brought from previous term ... 908,541.63
Balance carried to next A/c ... 13,239.37

Mr. Kinnear, another assistant of the Fort Gloster Jute Mills at Calcutta, has died of cholera. Three assistants are now dead, and four are still seriously ill, from the drinking of becase sola water.

The Evening Standard states that military circles consider that Lord Kitchener's time is being frittered away. The suggestion is made that Lord Kitchener should be employed for five years in developing the armies of the Dominions overseas, and at the same time to advise the respective Governments in the framing of a concrete scheme of defence as outlined by Sir Joseph Ward, Prime Minister of New Zealand, and General Smuts, South African Minister for the Interior.

After having taken nine days to haul from the Citadel Battery, Dover, on to the Folkestone road, the heavy 9.2 gun, to be despatched to Hongkong has come to a halt just beyond the Priory railway bridge. The gun, with the traction engine towing it, make a load of forty tons, and the authorities consider this too great for the bridge. Negotiations having been unsuccessful, the huge gun remains stranded.

It will be observed that Hongkong is being favoured with Imperial subsidies to compensate the Colony for the loss of its opium revenue. Mr. Harcourt has stated in the House of Commons that in addition to former grants two new grants of £12,000 each will be placed on the estimates. The circumstances of Hongkong differ from those of India, but they are alike in one respect. In both the Opium Revenue has been condemned to satisfy the anti-opium policy of the House of Commons, and compensation is as much due to India as to Hongkong. - Calcutta Statesman.

If you suffer from any disease due to an impure state of the blood, such as WITZEL'S CASE, you should test the value of Clarke's Blood Mixture, the world-famous Blood Purifier and Restorer. This medicine has 40 years' reputation, and is to-day more popular than ever, the reason of this being undoubted because this wonderful remedy does what it professes to do - CURE SKIN AND BLOOD DISEASES PERMANENTLY.

Clarke's Blood Mixture

IS THE FINEST BLOOD PURIFIER EVER DISCOVERED.

It is warranted to cleanse the blood from all impurities, from whatever cause arising. For

SCROFULA, BAD LEGS, SORE THROAT, SCURVY, BLOTCHES, SCZEMA, SPOTS, BLOOD POISON, BLACKHEADS, GLUCES, PIMPLES, SKIN & BLOOD DISEASES, SORES OF ALL KINDS.

It is a safe and permanent remedy. It is the only real specific for Gout and Rheumatic Pains, for it removes the cause from the blood and bones.

NOTE. This mixture is pleasant to the taste and WARRANTED PURE FROM ANYTHING HARMFUL TO THE MOST DELICATE CONSTITUTION. If either sex, from whatever cause, is afflicted with any of the above diseases, let them send this letter as a token of gratitude to your wonderful "Clarke's Blood Mixture." - June 18, 1905.

Thousands of wonderful cures have been effected by it.

TRIED MANY THINGS WITHOUT BENEFIT UNTIL I TOOK CLARKE'S BLOOD MIXTURE.

Mr. F. E. Lewis, 44, Bridge Street, Bow, writes:- "Just a line in favour of 'Clarke's Blood Mixture.' I had eczema seven months, and tried many things without benefit until I took your remedy. After the fifth bottle I was quite well again. Please send this letter as a token of gratitude to your wonderful 'Clarke's Blood Mixture.' - June 18, 1905."

IMPORTANT TO THE BLOOD. We have seen a note of letters from all parts and conditions of people, in which the writers acknowledge the benefit they have received from Clarke's Blood Mixture, which as a curative agent cannot be too highly estimated, since it cleanses and clears the blood from all impurities, and restores it to its normal condition. This is a great public opinion from the Family Doctor, the popular medical weekly, which goes on further to say: "It is certainly the best blood purifier and restorer ever brought to light, and we can with the utmost confidence recommend it to our subscribers and public generally."

SHARE REPORT.

Messrs. Vernon and Smyth in their weekly share report dated April 12th state:—
Our report issued a day earlier owing to the Easter holidays commencing to-morrow. During the interval since our last there has been more activity on local stocks, and a fair business has been concluded; at the same time, advanced rates, the tone at the close being generally firm.

"Rubbers" have not attracted much attention during the period under review, the value of the raw material having further depreciated, but at the close a firmer feeling is apparent in the London market, and a rally is looked for in the share alternative of the dividend paying stocks. Singapore continues, almost listless, and a further decline in share values there is reported.

Fine Hard Para Rubber is quoted per London wire to-day at 5/4 1/2 per lb. steady, and Plantation Smoked Sheet at 4/3 to 4/4 per lb. unsmoked Crepe at 6/3 to 6/4 per lb.

The Bank of England rate of discount remains at 3 1/2, the open market rate being now quoted at 2 1/2 per cent. an advance of 1/2 per cent. on the rate last quoted. Bar Silver does a firm at 23/4, 2/3 oz. and sterling T.T. at 1/2 1/2. T.T. on Shanghai is unchanged at 7 1/2.

GERMAN CROWN PRINCE.

Replies to Criticism of His Conduct in India.

Dr. Bongard, the well-known traveller, publishes the Crown Prince's reply to criticisms as to the use of his opportunities while in India, particularly the statements that His Imperial Highness devoted his whole time to hunting, golf and polo, says a Leipzig telegram of March 23.

The Crown Prince says that this is untrue, and declares that he was constantly in the company of Sir Harold Stuart, whose conversation was a never-failing source of instruction, whether on the railway or driving to the hunt. The Crown Prince refers in equally high terms to Sir John Hewitt, Sir George Ross-Koppel, Sir Lawrence Jenkins, Sir Charles Bayley, and other high officials, and states that he learnt more from them in half an hour about English national life than he could have learnt from an average man in a day. His Imperial Highness praises the splendid fellows in all classes he came into contact with, and during the games the unconstrained, kindly bearing of his fellow players, not one of whom, His Imperial Highness says, was falling in tact.

Andrew Toth, who was found guilty of murder at Pittsburgh and sentenced to imprisonment for life, has, after serving 20 years, been liberated, it having been proved that he was innocent.

About 35,000 men and women were engaged to assist in taking the census of England and Wales. The work covered about a fortnight—the last week of March and the first week of April.

M. Clementel, in his report to the French Chamber of Deputies on the army estimates, says that since 1883 Germany has increased her military expenditure by 105 per cent., Austria by 112 per cent., and Russia by 69 per cent., whereas France has only increased hers by 49 per cent.

Interesting experiments with submarine bell signals have been made at Dover in the presence of the Harbour and Admiralty authorities. The submarine signal was worked from the harbour entrance, and the tug Lady Cromdall, equipped with a receiving installation, successfully picked up the signals some miles out in the Channel.

The Imperial Council of India has passed the Factory Bill, in spite of the strong opposition of the representatives of the textile industries. The bill makes it illegal to work adults over twelve hours a day and children six hours. It was declared that the cotton mills greatly feared the competition of China and Japan, where the working hours were unlimited.

Mr. J. Ramsay MacDonald, leader of the Labour party in the House of Commons, in a speech said that while acquiescing in a readjustment of the relations between the House of Lords and the House of Commons, he would strenuously oppose the preamble to the Parliament Bill, which contemplated the creation of another second Chamber in the place of the existing one.

mind, therefore, it is not surprising to find that the claims of international arbitration are once again being turned over in the hands of prominent statesmen in the West. With in the short space of a fortnight the question has figured in speeches delivered by leading politicians of England, Germany, France, Austria and Hungary, while in America also public opinion has for some time been focussed on the subject. Analysing the utterances, it would appear that the Continental Powers named, with the single exception of France, are not enamoured of the possibilities of universal arbitration, but that Britain, America and France look at the question in a more hopeful frame of mind. The Imperial Chancellor of Germany, touching on the subject during a debate in the Reichstag, made reference to the bigger question of disarmament and only spoke the truth when he averred that since that ideal was discussed at the first Hague Conference nobody had produced a practical scheme. He went on to observe that Great Britain, despite her wish for disarmament, always insisted upon her fleet being equal in power to any possible combination of the other naval powers.

THE WORLD'S PEACE.
Of late there have been ample illustrations of the renewed interest which is being manifested in Europe on the all-important question of arbitration in its broadest and most comprehensive aspect—namely, in its application to international disputes. Say what you may, there is without doubt a growing tendency the world over to shrink from the horrors of modern warfare. This is due in part to the knowledge that every year the inventive genius of mankind is making the possibilities of armed conflict increasingly awful; in part also to a recognition of the comparative economic futility of warfare, even when victory is ultimately achieved; and, further, to the fact that nowadays the inevitable tendency for a simple quarrel between two Powers to at length involve many another country beyond those initially concerned in the difference of opinion. Bearing these points in

GERMANY AND JAPAN.
CONCLUSION OF A COMMERCIAL TREATY.
(Independent News Agency's Service to the China Mail.)
Tokyo, April 13.
A German-Japanese Commercial Treaty will be concluded shortly.

The contents of the new treaty, as far as can be learned, show that the Conventional Tariff will be applied to indigo and drugs exported from Germany, and vice versa Japanese silk textiles. In other particulars the new treaty is said to comprise almost the same provisions as those found in the agreements just concluded with the U.S.A. and Great Britain.

THE "SPY" CRAZE.
CHINESE ARRESTED IN RUSSIA.
(Reuter's Service to the China Mail.)
London, April 13.
A telegram from Moscow states that alleged Chinese spies have been arrested at Dauria station on the Trans-Baikal railway.

It is stated that they include a General and another officer and three soldiers, and that drawings, plans and photographs were found in their possession and seized.

DEATH OF AN ENGINEER.
The death occurred at the Government Civil Hospital this morning of Mr. James Smith, second engineer of the s.s. Empress of Japan. Deceased, who was admitted to hospital some four or five weeks ago, had been suffering from an internal complaint, which necessitated an operation being recently performed and although everything possible was done for him he passed away as stated this morning. About 40 years of age, Mr. Smith was a married man. He was a native of Scotland, although his people now reside at Vancouver. He had been on the Far Eastern run for several years and was greatly liked by all who knew him. Out of respect to his memory the flags on the s.s. Montague and Empress of India have been flying at half-mast to-day.

SOCIAL AND PERSONAL.
Major Gilbert Dring, R.M.L.I., has been ordered to embark for passage to the Minotaur.
Vice-Admiral the Hon. Sir Hedworth Lambton, K.C.B., K.C.V.O., has been promoted to Admiral.
Mr. Tom L. Johnson, the famous Mayor of Cleveland, has died suddenly, throwing the whole city into mourning.
Mr. J. R. Shaw, late of the Yokohama office of the O.P.E., has been transferred to Hongkong. He arrived with his bride on the Empress of India on Friday.

Among the passengers who arrived by the Empress of India on Thursday were Mrs. J. Stabb, from Yokohama, and child and Mr. and Mrs. C. H. Row from Shanghai.

The Bishop of Victoria was the preacher at St. Andrew's, Kowloon, on Good Friday morning. His lordship is announced to preach at the Cathedral on Easter morning and at St. Stephen's Chinese Church in the evening.

Engineer Commander Herbert W. Harris has been appointed to the Tamar, Hongkong, for duty at Wei-hai-wei. This officer has spent nearly twenty-three years in the engine-room department, and reached his present rank in April, 1907.

The Bishop of London, Dr. Winnington Ingram, states that he had practically decided to offer himself for missionary service in Canada, as an example to the Church, and it was only after three months' prayer that he had resolved that his work in London had the prior claim.

A marriage has been arranged and will take place at the end of April, in St. Mary's Church, Aberfoyle, between Frank Barrington Deacon, Hongkong, elder son of the late H. F. Deacon, of Barrington Bridge, Co. Limerick, and the daughter, and Beth Lodge, second daughter of the late Patrick Bruce Jones, Clyde House, Speenymoor, co. Durham.

CHAMPAGNE RIOTS IN FRANCE.
WINE GROWERS UP IN ARMS.
WHOLESALE SACKING AND BURNING.
(Reuter's Service to the China Mail.)
London, March 13.
It is reported from Paris that the widest scenes are being witnessed in the Department of Marne, where the people are furious over a resolution of the Senate against an order which had previously been made excluding Aube from the recognised Champagne district. The wine-growers are moving in disciplined bands, each with staff officers, and making sudden descents on towns and villages, sacking and burning the champagne establishments. Those of Sky and Epemay have been set on fire. Numerous incendiary fires are reported, country houses being included among them.

TROOPS CALLED OUT.
London, April 14.
Twelve thousand troops are in occupation of Epemay and soldiers mounted and on foot are quartered in the surrounding villages.

DRUNKEN PEOPLE EVERYWHERE.
London, April 14.
The roads are filled with half-drunken people, whose pockets are filled with bottles of champagne secured in the looting which prevails. The havoc wreaked yesterday is incalculable.

6,000,000 BOTTLES SMASHED AT AY.
London, April 14.
It is estimated that 600,000 bottles of champagne have been smashed in the town of Ay alone. Miles of vineyards have been burned, and it will take years for the country to recover from the effects of the riots.

[Note.—Ay, or Aÿ, is a town in the Marne Department and is situated some 25 miles south of Rheims. It is built at the foot of a hill covered with vineyards and is celebrated for its white wines, which are considered the best of any in Champagne.—Ed. C.M.]

THE MEXICAN UPRISING.
AMERICAN TROOPS CROSS THE BORDER.
(Reuter's Service to the China Mail.)
London, April 15.
A message from New York states that American troops have crossed the Mexican border and interrupted a battle which was in progress between the Mexican Government troops and the Revolutionaries at Angaprieta.

After three of their number had been killed and several wounded by stray bullets, the Americans again entered United States territory.

THE AMERICAN SENATE.
POPULAR ELECTION DESIRED.
(Reuter's Service to the China Mail.)
London, April 14.
A message from Washington states that the House of Representatives has passed by 296 votes to 16 a Bill providing for the election of the United States Senators by the direct vote of the people.

[Note.—There are 22 members of the Senate, and the method of election (which at present prevails) is that two are chosen by each State Legislature every six years.—Ed. C.M.]

FOREIGN LOANS.
MORE OBJECTIONS TO THE TERMS.
(Wah Tei Yat Po's Service.)
Peking, April 15.
The Grand Council has suggested that the articles in the agreement for the loans proposed to be raised among the four nations will give rise to many evils and misunderstandings. They therefore request that the Prince Regent point out to Duke Chak and Sheng Kung Fao that amendments should be made.

YUNNAN BOUNDARY.
GREAT BRITAIN OBJECTS TO CHINESE COMMISSIONER.
(Wah Tei Yat Po's Service.)
Peking, April 15.
The British Minister, in consequence of the hostile attitude assumed by the Viceroy of Yunnan has objected to his appointment as commissioner to delimitate the Yunnan boundary.

Later.
In consequence of the heavy rains and the misanthropic exhalations of the soil the British troops who occupied Pienma have evacuated the territory. This news is telegraphed by the Viceroy of Yunnan.

MR LLOYD GEORGE BREAKS SILENCE.

(Reuter's Service to the China Mail.)

The Right Hon. Mr Lloyd George spoke yesterday at the choir rehearsal in connection with the forthcoming investiture of H.R.H. the Prince of Wales at Carnarvon, Wales.

This is the first speech which the Chancellor of the Exchequer has delivered for a period of three months. [Note.—It will be recalled that Mr Lloyd George has been suffering from severe throat trouble, which has been causing considerable anxiety to his friends, and that he has only recently returned from a rest in France.—Ed. Peking, April 15.
The Wai-wu-pu are still negotiating with Great Britain about the Indian opium agreement. China wishes to cancel the present arrangement by which the importations of opium are gradually decreased during a period of ten years, but the British Minister does not see his way to substituting a new treaty for increasing the opium tax or for immediately suppressing the import of opium.

BIG RAILWAY PROJECT.
GREAT BRITAIN AND CHINA JOINTLY CONCERNED.
(Wah Tei Yat Po's Service.)
Peking, April 15.
China is going to cooperate with Great Britain in building a railway to connect China with India by way of Yunnan and Szechuen, with a capital £15,000,000 to £20,000,000.

YUNNAN BOUNDARY.
GREAT BRITAIN OBJECTS TO CHINESE COMMISSIONER.
(Wah Tei Yat Po's Service.)
Peking, April 15.
The British Minister, in consequence of the hostile attitude assumed by the Viceroy of Yunnan has objected to his appointment as commissioner to delimitate the Yunnan boundary.

Later.
In consequence of the heavy rains and the misanthropic exhalations of the soil the British troops who occupied Pienma have evacuated the territory. This news is telegraphed by the Viceroy of Yunnan.

FOREIGN LOANS.
MORE OBJECTIONS TO THE TERMS.
(Wah Tei Yat Po's Service.)
Peking, April 15.
The Grand Council has suggested that the articles in the agreement for the loans proposed to be raised among the four nations will give rise to many evils and misunderstandings. They therefore request that the Prince Regent point out to Duke Chak and Sheng Kung Fao that amendments should be made.
